INTRODUCTION

Christy Clark was chosen leader of the British Columbia Liberal Party on February 26, 2011, following then-Premier Gordon Campbell's announcement on November 3, 2010, that he would step down. She was sworn in as Premier on March 14, 2011.

The choice of dates for the commencement and termination of a position is not straightforward because an appointment or resignation may be announced on one date and confirmed officially on a different date. Generally the "official" date has been preferred in this document. If, however, there was no Order in Council (OIC) or other official notice specifically naming the minister involved, the announcement date has been used. The list does not include acting positions or parliamentary secretaries.

For the purposes of this document, the final date of service for cabinet ministers in the Campbell administration is March 14, 2011. The OIC rescinding the appointment of cabinet ministers was issued on that day, with the announcement of the new Clark cabinet.

On June 29, 2017, after winning a minority government in the 2017 provincial general election, the B.C. Liberal Party was defeated by a non-confidence motion in the House. This document counts the final date of service for cabinet ministers in the Clark administration as July 18, 2017, when the OIC rescinding previous cabinet ministers' appointments was issued, along with the appointment of the Horgan cabinet.
