

Create TikTok-fit content with Symphony Creative Studio

Symphony Creative Studio is our end-to-end creative platform, built to turn ideas into high quality videos with ease.

Key Benefits

- **Speed** up your creative production to go from idea to video in minutes
- **Simplify** the creative production with just simple prompts
- Create **TikTok-first content** with best performing trends and best practices

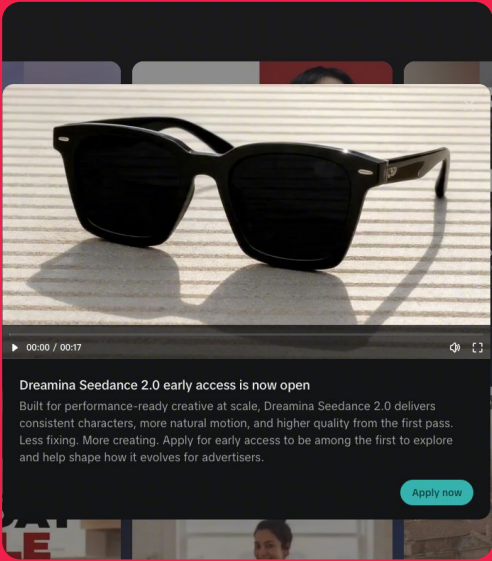

Integrating Dreamina Seedance 2.0 to Symphony Creative Studio to Power Your Creative

Symphony Creative Studio is now integrated with **Dreamina Seedance 2.0**, our new video tool that helps you easily create high-quality, natural-looking content.

What does it do?

- **Consistent storytelling** that preserves your brand identity throughout each asset and campaign
- **Faster production** without sacrificing quality, meaning your team can focus on what matters most
- **Content that feels TikTok First** with the best performing videos and trends in mind

Built with Responsibility in Mind

Dreamina Seedance 2.0 is integrated into Symphony with **responsibility in mind**, and launched after extensive testing by global safety teams, with strong safeguards in place to protect brands, creators, and audiences.

Safety Policies

Firm policies against harmful content and the unauthorized use of likeness or intellectual property.

Industry-Partnered

Industry-partnered AI safety and labeling technologies, including additional moderation filters from a third-party safety partner

AI Labeling

AI labels that provide transparency along with an invisible watermarking technology can identify and act on content made with Symphony tools

What's New: Upgraded Symphony Creative Studio Features

Our latest features to **level up** your creative production process with reference to video, image to video and text to video.

Key Benefits

Creative Quality Improvements

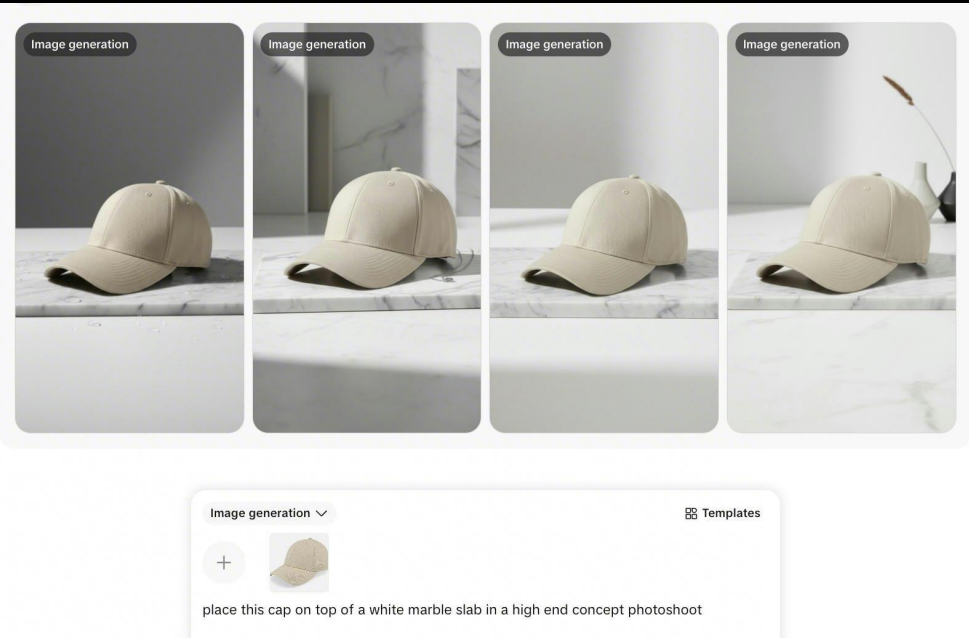

With Symphony Creative Studio's integration with Dreamina Seedance 2.0, our tools are able to produce higher quality creative outputs while keeping it TikTok-first.

Scale Creative Production Faster

Tools such as **image to video** and **text to video** have been improved with even more options to give you more control over what you create.

New Tools to Generate Content

Reference to Video is a new tool that generates videos from images, allowing you to specify in your prompt which image to reference at specific moments.
